Doing Business with Ealing

ORDERING INFORMATION

We accept orders by phone, fax, e-mail or mail. When confirming an order which has already been placed please indicate "confirming" on the order. A written purchase order is required on orders greater than \$2500 in value.

Prices indicated are current at the time of publication but we reserve the right to change these without notice. Prices are FOB our warehouse and do not include freight, duty or any applicable taxes.

Export prices may be higher than those quoted domestically (USA). Individual country requirements affect pricing.

Terms of payment for domestic orders are, credit card, COD or Net 30 with prior approval of credit.

Export terms are strictly, letter of credit, cash in advance, wire transfer or credit card.

Shipment means are at the discretion of Ealing but we will attempt to meet your special requests. We do not take responsibility for any delays or damage caused by the shipper.

Returns are accepted only after a return authorization number has been

obtained from Ealing and credit will be allowed for goods returned under authorization in good condition.

Cancellation of orders will incur a termination charge of not less than 10% of the order value and Ealing reserves the right to charge for all costs incurred in support of any canceled order.

Goods are warranted to be free from defects and to work in the manner specified for a period of 12 months from date of shipment, unless otherwise indicated.

Specifications are current at the time of publication but Ealing reserves the right to change these without prior notice.

Technical information provided in this catalog is intended to be helpful in the application of Ealing products but we do not accept responsibility for its use.

Terms and Conditions of Sale are specific to each country in which Ealing operates. They are supplied with all quotations and invoices and can be sent by fax or mail on request. Nothing in the foregoing statements modifies the Terms and Conditions in effect for each country of operation.
